

DuraNautic

A timeless watercraft for a lifetime of memories

Where durability and performance meet

The DuraNautic name continues to stand for outstanding value, dependable performance and classic flair. DuraNautic is a line of quality V-Hull and Jon Boats made by passionate boat builders who have been honing their craft for more than 60 years. Whether for commercial use around water, rental fleets or taking the family out fishing, each model in the DuraNautic line is designed to deliver unwavering performance and endless pleasure, season after season.

Standard Features For All V Models

- Stainless steel bow eye for strength and corrosion resistance.
- 5052 marine grade aluminum alloy hull for strength and long life.
- All seams are precision welded and tested to assure watertight integrity.
- Acrylic Urethane-painted outer hull for long lasting looks and durability.
- Gunwales are extruded heavy gauge aluminum for strength.
- Heavy gauge extruded longitudinal keels protect the hull and provide added stability.
- Heavy duty extruded spray rails also add stability and directs spray outside the boat.
- Stainless steel fasteners.
- Traditional DuraNautic "Thrust-Master" transom assembly to evenly disperse engine stress throughout the hull.

Fun to run and quick to plane. Our V-models provide the durable strength and performance dealers and boat enthusiasts have come to expect from a DuraNautic.

Utility V Standard Features:

- Foam-filled seats for level flotation.
- Unique structural bulkheads built under seats provide strengthened rigidity.
- Heavy duty handles provide convenient hand holds.
- Oar lock sockets are positioned for comfortable, efficient rowing.
- Transom drain plug is easily accessible.
